# The Community Players' President's Message

Welcome to Community Players and *Les Misérables*. *Les Mis* has run continuously in London since 1985, making it the second longest-running musical in the world. On Broadway it ran for 6,680 performances, the fourth longest-running Broadway show in history.

A lot of very hard work has gone into this show. You will hear wonderful singing (in this show there are very few spoken words, only singing) and great music from our orchestra. What you don't see is all of the time and effort to build the sets, find props, get the lighting just right for each scene, sew all of the costumes, make sure everyone can be heard, switch microphones, put on makeup, sell ads, put together the program, sell tickets, put up signs, moving sets, collecting tickets — the list goes on and on. These things are done by a very dedicated group of people who don't do it for the applause but because they love being involved with community theater.

A lot will be happening this year. After 40 years plus in our home on Glen Avenue, Community Players will be moving the day after *Les Misérables* closes. We are purchasing a building on Nutters Cross Road that is three times the size of our current buildings. After some major renovations we will be able to have auditions and rehearsals in our own space.

If you have interest in being part of Community Players please see me in the Sound Booth or send me an e-mail at [tomchicken@aol.com](mailto:tomchicken@aol.com).

## Director's Message

Two momentous events that changed my life occurred in March, 1987. One was the birth of my son, Travis and the second was the Broadway premier of *Les Misérables*. I had seen Broadway shows before, but nothing compared to what I experienced sitting in that audience watching *Les Mis* unfold before me for the first time.

Fast forward twenty-six years and the rights to *Les Mis* finally became available for production by other than school groups. Within twenty-minutes of the announcement, Community Players requested the rights to produce this icon. Just a few years ago, Players would have hesitated in undertaking such a daunting musical, but over the past few years, our organization has grown in scope and production capabilities. I immediately contacted Phyllis Oldham to come on board as the musical director. I would not have "dreamed the dream" (get it) without her by my side. The "stars" (this is the last one, I promise) aligned and now *Les Mis* has become a reality for Players and me.

Gathering a cast of 70 remarkable singers/actors from the 180 amazing people who auditioned and recruiting an extraordinary crew has made this a wonderful journey.

Add in a 25 piece orchestra with the best musicians around, and we have a marvelous show for you. During this performance, you will hear your favorite songs and see the iconic scenes that have become a tradition for the show.

I have incorporated as much of the novel as I could within the framework of music as well to make it our own. I believe this production is the *Les Misérables* that you want to see plus. Get your hankies ready to laugh and cry along with me for this wonderful excursion to 19<sup>th</sup> century France.

*Sharon Benchoff*
